

Stillness Speaks

There is more, oh so much more than meets the eye. Go beyond the senses and We will meet in the Beyond—in the place where no time, no space, no limits exist. You are ready to get to know Your Limitless Self. The All has invited you to come forth and take up Your True Power.

As you feel Us go one step further. As you Feel Us, surrender yourself totally. Give yourself over to Us fully. Allow whatever comes your way to come forth. The mind is still – the heart is open. Feel your way to absolute surrender. There is no you – only Us. Become One with The All.

Let go of separation by completely surrendering to what you don't know or cannot fathom, but only from your feeling place. No mind. No thoughts. Go blank. Stay blank when nothing comes. Stay open. Stay still. All is well. Be unto yourself True. No censoring. No judging. Simply open and fully surrendered.

Learn to *feel* surrender. Practice stillness more often. Become more aware of stillness. Again quiet the mind. Be still. Be more still. Be still again.

All you can feel is the beat of the heart and the breath. All the rest has melted away. A still mind, open so We may speak through it. Go to the place of peace, harmony, and alignment and in We come, rushing to fill the void. We can only come in through the void. Don't force it. Don't push it. Simply allow it to quietly unfold one precious moment at a time. But allow yourself to feel the unfolding. Feel it deeply.

Any wanting or anticipating simply pushes It away. Wait patiently. You assume when nothing comes that nothing will come. That is not necessarily correct. Just beyond the point of nothing is everything. Hold on when the mind says "enough waiting." Hold on to the moment, hold on to the nothingness. Wait—patiently wait. There is much richness that will come your way when you learn to be comfortable with the nothingness. Feel the nothingness. Feel it deeply. Become comfortable with the nothingness. Make it your friend.

Beyond the nothingness lies great riches. Riches beyond your comprehension. Don't imagine them or they will disappear. Don't anticipate them or you will never experience them. Simply move to the void and feel comfortable there. Be Still. Feel the Stillness for it speaks loudly to those who truly listen to it. When all is quiet you will truly hear The Voice of God. Do not listen with your ears, but instead with your heart. When you do not listen for it, it will come.

Be still. Be quiet. Feel the stillness. Feel the silence. Feel it deeply. And listen.

We are here for you anytime you wish to converse with Us. Simply enter a state of stillness and peace and We shall appear. Our love for you is everlasting and unconditional.
